PROFESSIONAL SUMMARY

Creative and technically versatile professional with 4+ years of experience spanning full stack web development, UI/UX design, brand identity, and product management. Proficient in building end-to-end web applications using React, Next.js, Node.js, and modern JavaScript frameworks, while simultaneously delivering compelling brand systems, marketing visuals, and product design. Passionate about crafting digital solutions that are both technically sound and beautifully designed — from food delivery platforms and financial dashboards to business landing pages and travel web apps.

PROFESSIONAL EXPERIENCE

Senior Graphics Designer, **GEOINFOTECH RESOURCES LIMITED**

Aug 2025 – Dec 2025

Lagos, Nigeria — On-Site

- Designed visual content for land surveying, mapping, and drone operations.
- Created marketing and branding materials for services and academy training programs.
- Translated technical data into clear, engaging visuals for clients and students.

Visual Designer, **WACPEOPLE, RAVEOLUTION & WINTAR**

Nov 2024 – Jul 2025

Lagos, Nigeria — On-Site

- Managed all creative and advertising output across three brands simultaneously.
- Ideated, designed, and executed branding, lead generation, and strategy campaigns.
- Produced all marketing materials including digital and print assets.

Visual Designer, **HELL ENERGY DRINK**

Mar 2024 – Aug 2025

Lagos, Nigeria — Remote

- Created brand-consistent artworks including product packaging, social media content, promotional materials, and event visuals.
- Focused on delivering designs that enhance brand identity and drive consumer engagement.

Product Manager / UI & UX Designer / Full Stack Developer, **PHOTOSHOOTERS**

Sep 2024 – Jan 2025

Lagos, Nigeria — Remote

- Led product research, ideation, design, and prototyping end-to-end.
- Managed the complete project as Full Stack Developer, including backend development, API integration, and UI design.
- Owned the product roadmap and coordinated cross-functional work between design and engineering.

Visual Designer & Instructor, **FBO TRAINING CENTER (Traction Learning Solutions)**

Aug 2024 – Jun 2025

Lagos, Nigeria — Remote

- Created visual content to support tech course promotions and learning materials.
- Instructed students on design principles and tools, building practical skills in graphic design alongside web development.

Visual Designer, **KNIT, MEDIAVISION**

Aug 2024 – Jun 2025

Lagos, Nigeria — Remote

- Responsible for all marketing material design and content team collaboration.
- Designed social media visuals and print-ready artworks including banners, flyers, and event materials for the Nigeria Bankers Games.

Freelance Visual Designer, **UPWORK**

Jan 2023 – Jul 2024

Lagos, Nigeria — Remote

- Specialised in brand logo creation for startups and small businesses globally.
- Delivered custom, memorable logo designs tailored to each client's vision and industry.
- Experienced in remote collaboration, client communication, and high-quality delivery on tight deadlines.

KEY PROJECTS

GoGlobal Pathway — [Next.js](#) · [React](#) · [Tailwind CSS](#) · [Node.js](#) | <https://github.com/Timothy7380/goglobal-pathway>

A full stack international study and immigration pathway platform. Helps users discover, explore, and apply for global education and relocation opportunities. Built with a modern Next.js frontend and robust backend integrations.

Lagos Sole Club Website — [React](#) · [Tailwind CSS](#) · [JavaScript](#) | <https://github.com/Timothy7380/lagos-sole-club-website>

A sleek, brand-forward website for the Lagos Sole Club — a Lagos-based sneaker and lifestyle community. Features event listings, community content, and a polished UI that reflects the brand's culture and identity.

Income Variance Dashboard — [React](#) · [Chart.js](#) · [JavaScript](#) · [CSS](#) | <https://github.com/Timothy7380/income-variance-dashboard>

A financial analytics dashboard for visualising and tracking income variance over time. Features interactive charts, data filtering, and clean data visualisation to help users understand income patterns and financial trends at a glance.

Abom Integrated Services — [Next.js](#) · [React](#) · [Tailwind CSS](#) | <https://github.com/Timothy7380/abom-integrated-services>

A professional business website for Abom Integrated Services, showcasing the company's service offerings, team, and contact information. Designed and developed end-to-end — from Figma prototype to live deployment.

FamTimeFood — [React](#) · [Node.js](#) · [Tailwind CSS](#) · [REST API](#) | <https://github.com/Timothy7380/famtimefood>

A full stack food ordering and discovery platform built for families. Features menu browsing, order management, and a warm, user-friendly interface designed to make food selection and ordering a seamless experience.

Portfolio Website — [Next.js](#) · [Tailwind CSS](#) · [Framer Motion](#) · [Vercel](#) | <https://tim-portfolio-ten.vercel.app/>

Personal portfolio showcasing full stack development, UI/UX, and brand design work. Built with Next.js, animated with Framer Motion, and deployed on Vercel with a responsive, modern design.
